BEST CARE
EMPLOYEE ASSISTANCE PROGRAM

The Best Care EAP difference:

Flexible Mental Health Services: We provide in person, virtual, and text support to cater to all comfort levels and preferences. These services can be accessed based on member preference, without the need to demonstrate a specific need for the requested modality.

Licensed Counseling Every Time: A member seeking care will always get a licensed counselor in the state they are located.

Large Privately Owned Nationwide Network: Built and managed by Best Care EAP for over 45 years.

Dedicated Hands-On Approach: From locating an appointment for the member (the member does not need to do extra legwork), marketing and account management or complex client concerns our entire team is accessible and ready to help.

Expert Consultations When a Partner is Needed: Access skilled professionals to consult on crisis events, employer referrals, difficult employee situations, and specific training needs

Expert In House Training: Benefit from live or virtual sessions led by our in house trainers, delivering expertly developed content from manager level training to personal development. This is also used to promote the benefit increasing utilization.

Trusted Clinical Experience that provides real outcomes: With over 45 years of support and part of the Methodist Health System, we bring a wealth of experience and clinically based care to your organization.

Here's what Best Care clients and partners have to say about their Best Care EAP experience:
